	Rev. 01	Pagina 1 di 2	
	Data Rev: 21/12/2023		

The microbiological analysis of seminal fluid is performed from Monday to Friday, in the morning from 8:10 am to 8:30 am.

The semen analysis (or spermiogram), with eventually microbiological analysis, is performed from Monday to Friday, in the morning from 8:30 am to 10:00 am.

You can access the exams **ONLY BY RESERVATION**.

For booking please consult the web page "Servizio Prelievi" of the Hospital of **Montichiari**, Azienda Spedali Civili:
[Servizio Prelievi - ASST DEGLI SPEDALI CIVILI DI BRESCIA \(asst-spedalivicivili.it\)](https://montichiari.asst-spedalivicivili.it/servizi/Menu/dinamica.aspx?idSezione=17460&idArea=17476&idCat=20568&ID=20568&TipoElemento=categoria)
 (https://montichiari.asst-spedalivicivili.it/servizi/Menu/dinamica.aspx?idSezione=17460&idArea=17476&idCat=20568&ID=20568&TipoElemento=categoria)

Both tests involve the **sample collection ON SITE** and NOT at home.

The microbiological investigations that can be performed on the seminal fluid are:

- spermiculture;
- search for Chlamydia;
- Mycoplasma/Ureaplasma research;
- research and genotyping of HPV.

PREPARATION.

No specific preparation is required for microbiological analysis of semen alone.

In case of semen analysis (spermiogram, with or without microbiological investigations):

- present yourself with a ***period of abstinence from sexual intercourse*** (or in any case ***from the last ejaculation***) ***from a minimum of 2 to a maximum of 7 days***.
- make sure that you ***do not have a high fever (38°C)*** or have had fever during the 20 days preceding the exam;
- have not taken ***antibiotics and/or anti-inflammatory drugs*** on the day of the examination or within the previous 20 days

WARNING: in case the above conditions are not verified, the exam will NOT be carried out. Please cancel your reservation (see indications on "Servizio Prelievi" web page) and book your exam on another date.

THE DAY OF THE EXAM

Go to **Lower floor -1 (Piano -1)** of the Hospital of **Montichiari**, at the counter **SPORTELLO ACCETTAZIONE Servizio Prelievi** del Laboratorio Analisi Chimico Cliniche e Microbiologia, for administrative acceptance, equipped with:

- physician's prescription;
- SISS health card;
- photocopy of the valid photo ID (in case of minor, also of the accompanying parent/legal representative).

You will be welcomed by the staff of the Laboratory for an informative conversation about examination modalities and for the execution itself.
